

Moon Curser Vineyards is a small, family owned winery on the East Bench of Osoyoos, BC, a South Okanagan border town known for its hot summers, beautiful lakes and vineyards. It has been in operation since 2004, when Chris and Beata Tolley purchased an old orchard in need of replanting, and set about converting it into what is now the Moon Curser home vineyard block, winery and tasting room.

The Moon Curser name pays tribute to the gold smuggling history of Osoyoos. The Moon Curser wines, however, show no such respect for tradition – the winery is known for growing unusual varieties such as Tannat, Dolcetto, Touriga Nacional, and Arneis to name a few. These varieties have not historically been a part of the South Okanagan viticulture, but thrive in the unique terroir on the Osoyoos East Bench.

The vines have thrived in Osoyoos and continue to deliver unique, world-class interpretations of these traditional wines. Moon Curser has brought home many a gold medal from Canadian and international wine competitions.
